Directions to Yang’s Lab

Please drive to the north end of Caltech campus.

An appropriate GPS navigator address for our building is 300 S. Chester Ave., Pasadena, California.
Once you get to that location, please proceed to park in the lot labeled by the red spot in the map above. There is an automated machine at that location that sells Caltech visitor parking permits. More info for visitor parking can be found at: http://parking.caltech.edu/Parking/Visitor
This is the Moore Lab:

It is next to the end of S. Chester, you can’t miss it. (Also notice the satellite dish.)

Yang’s office is 262 Moore.
